

YOU MATTER IN SCHOOL

A life skills programme for secondary education settings.

The students who took part in the YMIS are now thriving across the school. The attendance for all the students who took part has risen and they are actively more engaged in lessons and contributing more to class discussions.

The students who were picked for this session were mainly chosen because they didn't feel like they 'fitted in' to school. This is no longer the case.

MONEY MATTERS

Safe income, budgeting and how to prioritise expenditure.

HUMAN MATTERS

Goal setting and aspirations.

LIFE MATTERS

Advice on mental health and wellbeing, healthy relationships, staying safe, on-line safety and making new friends.

HOUSING MATTERS

What makes a safe and happy home.
